7. Measurement/Inspection

7.1. Each boat except chartered boat shall produce a valid measurement certificate at the time of registration.

However, any boat who is not able to produce a valid measurement certificate may consult with the regatta secretariat.

7.2. There will be no measurement practiced in advance of the race, but however there will be the case to carry the measurement and inspection at any time during the regatta.

8. Racing Area

Attachment Diagram-1 shows the location of racing area.

9. Courses

Attachment Diagram-2 shows the courses to be sailed.

10. Number of races

10.1. 7 races are planned during two days and at least one race is required to be completed to constitute the series.

10.2. Each boat's series score shall be the total of her race scores excluding her worst score if more than 5 races are completed.

11. Scoring

11.1. The Individual Competition of Race in each class

(1) International Friendship Individual Competition of Race in each class

Each boat's rank will be determined in accordance with the total sequence result including the sailors of the foreign club teams and Japanese sailors of the same class.

(2) Japanese Individual Competition of Race

The rank of Japanese Individual Competition will be determined based on Japanese sailor's rank of the above (1) total sequence result.

11.2. The Team Race rank will be determined as follows, based on the total sequence result of the individual sailor of each team or club of the above 11.1(1).

① Each club team's series score will be the total of the best three boats' rank of all classes where more than six boats participated.

② In case the number of boat participating this regatta is exceeding three boats, minus 1 point per one boat will be added, but up to minus 5 points. In case the number of boat is less than three boats, last rank point of the class of the largest number of boats participated will be added in proportion

to the number of the shortage.

- ③ In case the place of the club activity is more than 500km far from the regatta place, minus 2 points per club will be added. However, such club who participate the regatta with the chartered boats will be added only minus 1 point. The distance is determined by the shortest railway distance between the JR station nearest to the government office of the prefecture where the place of the club activity is located and JR Wakura Onsen station
- ④ The rank of the club team will be determined by the low point scoring system in accordance with the total of the best three boats' rank point and any minus or additional of above ② and ③.
- ⑤ In case of the tie score, the club team of the more number of boats participated will be ranked higher. Even if it is still tie score, the club team which participated in more number of classes will be ranked higher. Thereafter the club team which has the higher rank boat among three boats will be ranked higher and then the club team which has the higher rank of the class where the largest number of boats participated will be ranked higher.

11.3 Japanese Club Team Race

The rank of Japanese Club Team Race will be determined among Japanese Club Teams in accordance with the calculation based on above 11.2 ①, ②, ③, ④ and ⑤, using the rank of the result of above 11.1 (1).

11.4 International Friendship Team Race

The rank of International Club Team Race will be determined among Japanese Club Teams and Foreign Club Teams in accordance with the calculation based on above 11.2 ①, ④ and ⑤, using the rank of the result of above 11.1 (1).

However, Foreign Club Teams participate with three boats maximum and very far away abroad and therefore above 11.2 ② and ③ will not apply for Japanese Club Teams in the calculation of the rank points.
